

Welcome to Villa la Dolce Vita!

Le Château d'Olonne, October 21 2008

Villa La Dolce Vita with heated swimming pool is superbly located on the four-star holiday parc Les Jardins du Château d'Olonne. In 2009 it enters its fourth year as a holiday villa and it becomes more beautiful with each new season. The nearby coast, including the chic seaside resort Les Sables d'Olonne, is both calm and luxurious and offers ample opportunity to indulge oneself, for example in one of its many excellent and affordable restaurants.

In 2008 the large, heated private pool as well as the solar shower were a great success. Besides the free heating of the pool (using solar collectors) we now also offer electric heating, so that heated swimming is also possible before and after the high season. Our handsome, architecturally designed garden moreover gives more privacy each year.

We invite you to have a look on our renewed website, which now also includes a guest book and a picture gallery:
